LETTER FROM MANILA.

A Soldier in the Philippine Islands Writes His Brother in Houston.

The following letter has just been received by Mr. E. M. Duensing of 1811 Broadway, New York City:
"Manila, Philippine Islands, Jan. 12.—My dear Brother: I wrote you a letter a few days ago but did not get it off on the mail boat for the United States, so I shall now write another.
"The Victor's land is over the oil lake. The Victor Oil Company owns Tract 44, Spindle Top Heights. The Heywood Well, Tract 35, "Spindle Top Heights," to "The Victor"..... 2750 Feet. with 1000 cords of wood. Manila is booming and it will not be much longer until it will not be the rush to the Klondike, but the rush to Manila. When the timber and mineral lands are opened for settlement it will create a great excitement.
On our march to the east coast last October we marched for five days through timber where not a tree had been cut, trees that will measure eight to ten feet in diameter and 150 feet in height and will bring about \$250 per 1000 feet. This timber is principally mahogany, rosewood and ebony.
As for the mineral lands, I am not in a position to know very much about them, but I have heard that no large amount of gold has yet been found in any great quantities. In an interview with a man the other day, employed in the bureau of mineral industry, I found that over sixty thousand claims had already been filed, some dating back as far as August, 1898.
About \$300,000 (Mexican) have been appropriated for improving the roads, which is very much needed.
When the Victor's land is bought, what commissioners were left and sold them at a pretty good profit.
My health has been very good, with the

exception of while I was in the hospital at Santa Cruz. While we were stationed at Santa Cruz I survived the attack of malaria fever that was made on our company, nearly half the company being down with the fever, and a great many were in the hospital, but I was not on the sick report once while we were there.
Your affectionate brother,
W. F. Duensing.

RESOLUTIONS OF RESPECT

Recently Passed by the Former Co-laborers of Mrs. Benedette Tobin.
To the Editor of The Post:
Sir: On April 5 the Mollie Moore Davis chapter learned of the death of Mrs. Benedette Tobin, president of the Texas State division of the United Daughters of the Confederacy. The committee appointed to draft suitable resolutions of respect submit the following:
Whereas, Mrs. Tobin has passed from the twilight's transient days into the dawn

of eternity, the Mollie Moore Davis chapter declares her loss; therefore, be it resolved, That this chapter realize that in the death of Mrs. Tobin the Texas State division has lost a faithful and efficient president; a leader who constantly sought to keep fresh with the deeds of valor to commemorate the laurels that cluster about the memories of the heroes of "The Lost Cause."
It was the women of the South who when the bugle call to battle echoed upon the land, bade the "Boys in Gray" speed, and was their inspiration and hope. And when the red flag of carnage was unfurled and the white flag of peace floated over a trampled and battered land, it was the women who smiled through their tears, the inspired with fresh courage, the weary soldier who had "lost all save honor."
So, now, after the lapse of years, the women of the South who, hand in hand, in a noble organization, seek to perpetuate in story, song and story, the deeds of the brave who stood stoutly for the South, and the pathway to the grave of those who will live in the hearts of the people, and by her talents and energies, and by her ceaseless work, Mrs. Tobin devoted her life to this work. Mrs. Tobin's death is a loss to the South, and by her death she will be sadly missed, not a
